

GUIDELINES TO UNDERSTAND THE LIST OF COURSES:

E1, E2 and E3 refer respectively to 1st, 2nd, 3rd year (bachelor). E1 to E3 refers to courses taught at our school **ESTICE**. The same goes for ESPAS 1 up to ESPAS 3 for courses taught at our school **ESPAS**. You can choose courses either taught to ESTICE or ESPAS students, or to both. You may also select courses taught above or below your year in your home university, but make sure you have some prior knowledge of the subject before taking a class with an advanced level.

NB: Courses at ESPAS ESTICE are taught in the same building (Building E, Saint Raphaël Campus, 83 boulevard Vauban, LILLE).

Master courses during the 2nd semester are very rare and happens once a month. Please contact the IR office of ESPAS ESTICE if you need to follow Master degree courses during the 2nd semester.

Courses at ESPAS ESTICE are taught in **English or French**. Please note that courses in **German, Spanish, Chinese, Japanese, Russian and Portuguese** are **language acquisition** courses (in blue), and **can't be chosen by native speakers** of that language.

**** Courses in bold are taught in English.**

FLE (French as a Foreign Language) and **CFBS** (Contemporary French Business and Society) are courses specially designed for international students. We highly recommend you to take them.

Courses described as **"Elective"** in the *"Type of course"* column (in orange) are usually happening at the same time for a dedicated year (3rd year here). Please note that you shouldn't select several electives with the same number in the same year (i.e: selecting 2 courses tagged as "Elective 1 – 3rd year").

In the **"Evaluation"** column, you can know how a course will be evaluated:

100% EXAM: You will have 1 final exam at the end of the semester, which will count as your grade for this course

50% CC – 50% EXAM: You will have 1 or more tests during the semester (continuous assessment, "CC") and 1 final exam. Your final grade will be calculated with your final exam grade counting as 50% and the average of all your CC tests counting as 50% of the final grade.

100% CC: You will have 1 or more tests during the semester and during class time. The average of all the tests will be your final grade for this course.

No Evaluation: There is no test/exam, the course is completed if you have attended all the sessions.
