

How to understand this list of courses:

E1, E2 and E3 refer respectively to 1st, 2nd, 3rd year (bachelor) and E5 is the 5th year / 2nd year of master degree. E1 to E5 refers to courses taught at our school ESTICE. The same goes for TEC1 up to TEC5 for courses taught at our school ESPAS. You can choose courses either taught to ESTICE or ESPAS students, or to both. You may also select courses taught above or below your year in your home university, but make sure you have some prior knowledge of the subject when before taking courses above 3rd year of bachelor. Master courses (E5/TEC5) have a specific planning and usually cannot be taken along with Bachelor's courses.

Courses at ESPAS ESTICE are taught in English or French. Please note that courses in German, Spanish, Chinese, Japanese, Russian and Portuguese are language acquisition courses (in blue), and can't be chosen by native speakers of that language.

FLE (French as a Foreign Language) and CFBS (Contemporary French Business and Society) are courses specially designed for international students and they are highly recommended for international students.

Courses described as "Elective" in the "Type of course" column (in orange) are usually happening at the same time for a dedicated year (3rd or 5th year). Please note that you shouldn't select several electives with the same number in the same year (i.e: selecting 2 courses tagged as "Elective 1 – 3rd year"). Courses in bold are taught in English

In the "Evaluation" column, you can know how a course will be evaluated:

100% EXAM: You will have 1 final exam at the end of the semester, which will count as your grade for this course

50% CC – 50% EXAM: You will have 1 or more tests during the semester (continuous assessment, "CC") and 1 final exam. Your final grade will be calculated with your final exam grade counting as 50% and the average of all your CC tests counting as 50% of the final grade.

100% CC: You will have 1 or more tests during the semester and during class time. The average of all the tests will be your final grade for this course.

No Evaluation: There is no test/exam, the course is completed if you have attended all the sessions.

NB: Courses at ESPAS ESTICE are mainly taught in the same building (Building E, Saint Raphaël Campus, 83 boulevard Vauban, LILLE).

Semester	Year / Promo	Name of the course	Language	ECTS Credits	Type of course	Nb of hours	Repartition hours	Evaluation	Comments
