

How to understand this list of courses:

Course codes starting by E1, E2, E3, TEC1, TEC2, TEC3 refer respectively to courses taught to our 1st, 2nd, 3rd year Bachelor students and those starting by E4, E5, TEC4, TEC5 is for our Master's 4th and 5th year students. E1 to E5 refers to courses taught at our school **ESTICE**. The same goes for TEC1 up to TEC5 for courses taught at our school **ESPAS**. You can choose courses either taught to ESTICE or ESPAS students, or to both. You may also select courses taught above or below your year in your home university, but you should have some prior knowledge of the subject when taking courses above 3rd year of bachelor. Master courses (E4-5/TEC4-5) have a specific planning and usually cannot be taken along with Bachelor's courses.

Courses at ESPAS ESTICE are taught in **English or French**. Please note that courses in **German, Spanish, Chinese, Japanese, Russian and Portuguese** are **language acquisition** courses (in blue), and **can't be chosen by native speakers** of that language.

FLE (French as a Foreign Language) and **CFBS** (Contemporary French Business and Society) are courses specially designed for international students. It is highly recommended for international students to take them!

Courses described as "**Elective**" in the "**Type of course**" column (in orange) are usually happening at the same time for a dedicated year (3rd, 4th year or 5th year). Please note that you cannot select several electives with the same number in the same year (i.e: selecting 2 courses tagged as "Elective 1 – 3rd year" is not possible).

Courses in **bold** are taught in **English**

In the "**Evaluation**" column, you can know how a course will be evaluated:

100% EXAM: You will have 1 final exam at the end of the semester, which will count as your grade for this course

50% CC – 50% EXAM: You will have 1 or more tests during the semester (continuous assessment, "CC") and 1 final exam. Your final grade will be calculated with your final exam grade counting as 50% and the average of all your CC tests counting as 50% of the final grade.

100% CC: You will have 1 or more tests during the semester and during class time. The average of all the tests will be your final grade for this course.

No Evaluation: There is no test/exam, the course is completed if you have attended all the sessions.

NB: Courses at ESPAS ESTICE are mainly taught in the same building (Building E, Saint Raphaël Campus, 83 boulevard Vauban, LILLE).
